SUMMARY OF THE REASONS FOR DECISION:

The untitled photographic material also known as *Item 3 Clear plastic negative sheet containing 42 negatives and 42 proofs* has been classified as:
Unrestricted.

The publication is a plastic folder which contains seven pockets of negatives with corresponding proofs. The negatives and proofs are not consecutive and they present as a selection of images which have been randomly placed in the plastic folder. The majority of the images depict young women who are naked or semi-naked. While the publication exploits the nudity of young persons to a limited extent and degree, it is not seen to overtly emphasise the sexuality of the subjects while presenting them in a romanticised and aesthetic manner.

The matter of nudity raised in this publication is not considered injurious to the public good as outlined in the Films, Videos, and Publications Classification Act 1993 and consequently no restriction is placed on the publication. The freedom of expression contained in the New Zealand Bill of Rights Act 1990 is not limited by this classification.
